

Stay safe when working around power lines

Join us for a **FREE safety workshop** to learn more about **responding/working safely around power lines.**

This Evergy workshop is open to anyone interested in learning more about electrical safety, including agri-community, maintenance & safety teams, public works employees and all emergency responders.

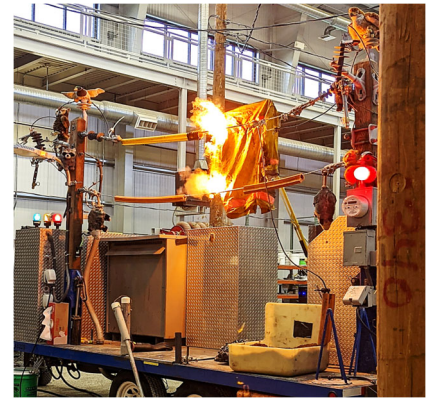

Dates & Times: Wednesday, February 26th
6:00 pm – 8:00 pm

Location: Osage Township Fire Department
Downtown – Main St., McCune, KS

The safety presentation will cover:

- State Statutes & OSHA – It's the Law!
- Hazards associated with electricity
- How electricity effects the human body
- Voltage gradient, touch & step potential
- Hazard awareness - look up!
- Live Hot Trailer demonstration

RSVP: Contact Kari West, kari.west@Evergy.com or call 620.249.6766 by February 25th to reserve your seat.

Evergy is proud to partner with our local emergency responders to bring you this FREE event!
